TRAVEL TO BORDER

Railroads Are Planning for Big Tourist Traffic.

Applications for Cheap Rates Have Been Filed.

Nebraska Railway Commission on Rock Island's Trail.

Cham Railroad Has Violated Published Baggage Rates.

ARBITRATION!

If the president causes or even asks the railroads to grant the so-called eight hour demand without arbitration he will do what he will find it very difficult to explain to a large majority of the American people.—Railway Age Gazette.

Let it come! Better the strike now with all its evils and crimes, than a complete jettison of the principle of arbitration. Citizens of good sense everywhere, including a considerable proportion of the trainmen, will agree to this. The issue is fair and square—brute power versus arbitration. Let us suppose the settlement which President Wilson is urging is made! It is the death blow of arbitration. After that what? Let Mr. Wilson, members of congress, or anyone, answer that!—The Railway Review.

If the 100,000 or more federalized national guardsmen remain on the border this winter railroads leading to the international boundary line will handle an exceptionally large passenger traffic to the border stations, traffic men believe. Eastern roads are already announcing their intentions to advertise the border as a point of interest in winter travel.

J. M. Connell, general passenger agent of the Santa Fe, said today the Santa Fe is expecting an increase in traffic to those points. The railroad will take steps to handle it.

The fact that passenger representatives of all the railroads entering Texas and other border states recently filed with the interstate commerce commission applications to have cheap round-trip rates to border points during the remainder of the summer is evidence that a big passenger traffic is already on. These cheap rates are to apply from practically all northern,

BRINGING UP FATHER

eastern and western points to San Antonio, Brownsville, Laredo, Eagle Pass and other points upon and near the border where national guardsmen are stationed.

Thousands of visitors, press dispatches say, have already found their way to the national guard stations. As soon as the hot season is over the friends and families of the guardsmen will troop to the camps.

The Santa Fe, the Southern Pacific, the St. Louis, Brownsville & Mexico, the El Paso, Southwestern and the Rock Island are profiting heavily by the troop and tourist movement and the increased freight traffic due to the mobilization of the troops. The volume of supplies and equipment being carried to border points by those roads is enormous.

ROCK ISLAND EXCEEDED RATES.

That is Alleged of Nebraska State Railway Commission.

Lincoln, Aug. 21.—The state railway commission here has asked Attorney General Reed to prosecute the Rock Island railroad for violation of its published rates charged for excess baggage. The commission claims it will furnish proof of the alleged violation which, it says, has been placed in its hands by traveling men.

The penalty for charging more than the published or established rates here is a fine of from \$1,000 to \$5,000 for each offense.

CUT OUT TURNABLE DEFECTS.

New Santa Fe Designs in Three Cities Successful.

Successful operation of three turn-

tables of new design, installed by the Santa Fe several months ago in Wellington, Amarillo and Albuquerque has been announced by the road. Not only are the new designs successful but they are cutting the cost of maintenance about 600 annually.

The tables eliminate the damage caused by pounding of engines. Cost of maintenance on the average structures—and maintenance expense is practically all caused by pounding—amounts to about \$500 annually.

SPIKES AND FLAT WHEELS.

The Santa Fe railroad is inquiring for 2,500 bridge stringers. It is announced from the general offices here that the stringers are for the storehouse supply.

"EXPLOSIVE BLOOD"

New Disease Appears Among Munition Workers in Baltimore.

Baltimore, Aug. 21.—A new disease has appeared among the munition workers in Baltimore plants. It is called "explosive blood." The explosion takes place only in the smallest veins. The effects are no more disastrous than to cause a rather malignant eruption of the skin of the arms and legs.

Simultaneously with this strange condition the patient's skin becomes yellowish. The treatment consists solely of fresh air and light diet. Handling sulphuric acid is one of the main causes.

ANOTHER JAP RUMOR

State Department Orders Probe, That Japan Gets Panama Site.

Washington, Aug. 21.—Investigation of reports from Panama that a 60,000-acre concession at the Atlantic end of the canal is being sought by a Spaniard named Fernandez, presumably for Japanese interests, was ordered today by Secretary Lansing. Mr. Lansing refused to discuss the report in detail, but it was considered significant that the department should commence the action.

Rumors of a similar nature have been common ever since the canal was well under way, but it was not until several months ago that they reached a well defined outline. At that time it was commonly believed an diplomatic circles that private Japanese shipping interests were seeking land in Spanish intermediaries to establish a base for storing coal at lower rates than could be had from the American government monopoly base. So far as is known nothing definite came of that plan.

The present reports are that Fernandez, Havana agent for Japanese interests, secured a 60,000-acre land concession thru the activity of Ramon Valdez, whose recent election to the presidency of Panama may possibly be disputed by the United States because of alleged frauds and coercion. Admiral Cencos of the Spanish navy, selected by the Panama government as umpire to settle the dispute with the United States over the purchase price of canal property, is alleged to have given very valuable information about the canal itself.

WHO'S BLOCKING PEACE

Germany and England Engage in Passing the Buck.

London, Aug. 21.—Germany has shown no disposition toward peace, except of terms to be dictated by England, Premier Asquith informed the house of commons this afternoon.

The prime minister's statement was made in answer to assertions by Under Secretary Zimmermann of the German foreign office, who told a London newspaper recently that it was England that was blocking peace.

Zimmermann's statement that England prevented her allies from showing a disposition toward peace is untrue, Asquith said. He reminded the German foreign office official that Germany has never submitted official terms of peace.

AFTER 40 YEARS

Hugh Riley Thought to Be Dead Turns Up Alive and Well.

New York, Aug. 21.—Hugh Riley, left his home in Flushing, L. I., forty years ago without telling anyone his destination, is bound back to his birthplace.

When he arrives he will find his mother dead and a share of her estate awaiting him. Attorneys were planning to notify him through the newspapers of the bequest. They expected to answer and that Hugh Riley, long believed dead by his friends, would be declared legally dead.

But today Thomas Riley, of Flushing, received a letter from his brother, Hugh Riley, who said he was living in Fresno.
